

# 2020 UNITE FOR TEEN FINANCIAL LITERACY DAY

of Greater Cincinnati

**SAVE THE DATE!**

On February 4, 2020, in collaboration with Cincinnati Public Schools (CPS) and Junior Achievement, United Way of Greater Cincinnati will host the fifth annual **Unite for Teen Financial Literacy Day!**

We are recruiting up to 150 volunteers representing banks, financial institutions, and other groups throughout the region to teach a version of Junior Achievement's proven, interactive and fun financial literacy curriculum designed to help students own their economic success.

As we help children and families move toward self-sufficiency, we know a key step is preparing children, youth and young adults to succeed in school and life. The lessons will be part of the CPS **My Tomorrow** initiative, reaching all of the 2,400 seventh grade students across twenty CPS primary and secondary schools.
