UNITE FOR GOOD.

Too many people in our community are struggling to make ends meet. 600,000 people. 100,000 families. 1-in-3 children. We must help families move on a path out of poverty, with the bold, long-term vision of ending poverty across our region. Through your support and strong collaboration among our partners and services, we can change thousands of lives.

UNITE FOR MORE.

Through your support and strong collaboration among our partners and services, we can change thousands of lives.

Thank you for choosing to Live United.

Stacy Thompson dreamed of becoming a nurse.

Not too long ago. Stacy was facing some tough decisions in her life. She was considered homeless and found herself fighting for the custody of her three-year-old daughter who was born premature. She did not count herself as financially stable, lacked childcare and had limited access to better-paying jobs.

Through United Way agency partner, Brighton Center, she was able to enroll in the Medical Assistant program, allowing her to get hands-on training in a clinical setting to learn how each medical instrument works. Stacy has her eyes set on becoming a Registered Nurse, and the Medical Assistant Program was the start of that journey.

Stacy is now able to thrive because of the services she received at Brighton Center. She is achieving self-sufficiency by having access to jobs that pay a livable wage with benefits and an opportunity for career advancement. She is headed toward the future she hopes to give her kids.

WONDERING HOW MUCH TO GIVE?
