

YOUR SUPPORT COUNTS

Your investment in United Way is maximized and used to change systems so more families can thrive.

When given through United Way:

\$10

can provide a literacy kit to one family to help prepare their child for school.

Your investment drives system change such as renewal of Preschool Promise, guaranteeing preschool for all 3-year-old children in the city of Cincinnati.

\$35

can provide 5 delivered meals to an older adult.

Older adults are not only able to access a hot meal, but can call a live 211 specialist, to connect them to other resources as they navigate a changing digital world.

\$4

supports 211 to provide referral to a caller facing food insecurity.

Your support powers 132,000 connections each year, helping us understand how to best strengthen our system of care through policy change and innovation.

\$487

can help a family resolve a housing eviction.

Solutions such as United Way's Stable Families provides financial assistance to resolve the housing crisis, but also gives long-term support helping families prevent the need for future relief.
